September 15, 2009

Dear Parent/Guardian(s)

In compliance with the *No Child Left Behind Act of 2001*, you may request information regarding the professional qualifications of your child's teachers(s) and paraprofessional(s). The information regarding the professional qualifications will include:

- \_\_\_ Certification type
- \_\_\_ Subject area coverage and grade level of coverage
- \_\_\_ Degree(s) and defined major area of work
- \_\_\_ Qualifications of paraprofessionals providing services to students under the direction of a teacher

Federal law requires that schools receiving Title 1 funds hire highly qualified teachers. The School District of Hamilton County has always employed certificated personnel according to the Florida Department of Education requirements. Be assured that this will remain a priority in our school district. The Hamilton School District will also provide to each parent information on their child(ren)'s level of achievement as determined by the FCAT or other appropriate assessment.

If you would like to request any of the above information, please contact the principal at Central Hamilton Elementary School, 386-792-6530.

Sincerely,

Betty Ann Sumner  
Principal

C: Title 1 District Office
