RE: RFP 19-002 - School Board Attorney Services

Dear Superintendent and Board Members:

In accordance with the Request for Proposal, I, Frederick L. Koberlein, Sr., am pleased to submit this Letter of Transmittal. We will use the paragraph numbering of paragraph 3.c. of the RFP.

(1) The work to be done.

Many believe that all a School Board Attorney does is sit in meetings and keeps his/her mouth shut. Actually, attendance at the public meetings is just the tip of the iceberg. Being a school board attorney involves extensive review and interpretation of federal, state, and local laws and ordinances. It involves the application of present or predicted facts and circumstances to those laws and regulations. Ideally, it involves solving problems before they become problems, which is far less expensive. It is our belief that the "Work to be Done" by the next Hamilton County School Board Attorney encompasses, at a minimum, the foregoing.

I and the Law Firm, Koberlein Law Offices ("KLO"), are committed to being ready to perform the Work to be Done. Prior to being appointed as a judge, I was the Columbia County School Board Attorney for ten years. We currently represent several other state political subdivisions among which are: The City of Lake City and The City of Live Oak as well as two other cities and a hospital board. Those clients, together with the Board Certification of Frederick Koberlein, Jr. demonstrate our ability to represent a collegial body such as the Hamilton County School Board. We have compiled more than twenty years of experience representing governmental bodies.

We adhere to the following principles when representing a State Agency such as the Hamilton County School Board.

- a. A school board attorney must be available. Board members, as well as the Superintendent and administration officials must have access to quality legal opinions, sometimes on short notice. We will be available.
- b. A school board attorney must be diverse; within a very short period of time, he/she may be presented legal issues as diverse as student expulsion is to a construction contract. Or, as diverse as teacher suspension is to a waste

control services contract. We possess a diverse background as is set forth in this response.

- c. A school board attorney must be knowledgeable and confident. When asked a question, he/she ought to have a sufficient background to answer those questions of a general nature; but also know when to defer and ask for some time to respond. The school board attorney must have the confidence to know when to distinguish between those two courses of action. Our training and experience demonstrate our ability to meaningfully and timely respond.

- (2) The persons who will be authorized to make representations for the proposer are:

Name:	Title	Telephone
Frederick Laurence Koberlein, Sr.	Associate	386-269-9802
Frederick Laurence Koberlein, Jr.	Shareholder	386-269-9802
Megan Nora Standard	Associate	386-269-9802

- (3) The Florida Bar numbers of the individuals in the firm are:

Frederick Laurence Koberlein, Sr.	0274747
Frederick Laurence Koberlein, Jr.	744271
Megan Nora Standard	101409

In summary, I would serve as your designated School Board Attorney and I would personally attend your meetings and sign documentation as the School Board's Attorney. Each Board Member, as well as the Superintendent, would be provided with an after-hours phone number to use in the case of emergencies. My office would always be available.

Through a public records request, we have obtained and reviewed your legal expenses for the past eighteen (18) months. We have suggested a Fee Structure that will offer substantial savings for the School District. During our time as your School Board Attorney, we will continue to look for additional savings.

Thank you for your time and consideration of this Proposal for your School Board Attorney position.

Respectfully submitted,

Frederick L. Koberlein, Sr.

EXPERIENCE OF LAW FIRM AND ATTORNEYS

This response uses the paragraph numbering of the Request for Proposal paragraph 3. d.

- (1) Koberlein Law Offices, PLLC (“KLO”) is a local law office. The primary office is in Lake City, Florida.
- (2) The location of the KLO office from which the work is to be done will be the Lake City office at 855 Baya Avenue, Lake City, Florida. KLO is solely owned and operated by Frederick L. Koberlein, Jr. In addition to him, there are two attorneys, Frederick Koberlein, Sr. and Megan Standard; the firm employs one paralegal, one law clerk, and two other staff.
- (3) Frederick Koberlein, Sr. has ten years of experience as the Columbia County School Board Attorney. He left that position in good standing; he was appointed to a judicial position. He also has more than two years of experience as Assistant City Counsel to two municipalities.

Frederick Koberlein, Jr. has many years of experience representing local government bodies and state political subdivisions, each consisting of numerous elected officials. He is certified by the Florida Bar in the area of City, County, and Local Government Law.

Megan Standard has six years of experience representing various local government bodies.

- (4) The Florida Bar has not taken any disciplinary action against any member of the firm.
- (5) Within the past five years, (and continuing to the present) the firm has represented:

The City of Lake City, Florida as General Counsel
The City of Live Oak, Florida as General Counsel
The City of Williston, Florida as General Counsel
The Town of Fort White, Florida as General Counsel
The Lake Shore Hospital Authority as General Counsel

- (6) The Resume of Frederick Koberlein, Sr. is attached hereto.
- (7) This sub-paragraph allows for additional information which demonstrates that this responder meets or exceeds the qualifications

and criteria. We will add the additional information by having the expected lead attorney, Frederick L. Koberlein, Sr. answer in the first person using the titles and paragraph numbers of the RFP, each of the “Minimum Qualifications, Preferred Qualifications, and Preferred Performance Criteria” are addressed below,

Minimum Qualifications

- (1) I graduated from the Florida State University School of Law, with honors, in December 1978.
- (2) I was admitted to the Florida Bar in 1979.
- (3) I have twenty-six years of experience as an attorney and thirteen years of experience as a judge in Florida.

Preferred Qualifications

- (1) I am a member of the Florida Bar, the Trial Bar of the United States Court for the Middle District of Florida and the Bar of the Eleventh Circuit Court of Appeals.
- (2) I have ten years of experience in, and knowledge of, the laws applicable to a School Board Attorney; I was the attorney for the Columbia County School Board for ten years. I was a member of the Florida School Board Attorneys Association for ten years; during which I took advantage of almost every educational opportunity. I have attended and will attend continuing education courses to maintain competency and currency in general areas of law applicable to school boards; i.e. government in the sunshine, public records, awarding contracts (procurement).

Preferred Performance Criteria

- (1) As the attorney for the Columbia County School District for ten years, I obtained an excellent working knowledge of school board policies, state, federal, and administrative laws relating to the area of School Board Attorney.
- (2) As an attorney for many years and a Judge for thirteen years, I have an excellent knowledge of judicial proceedings, rules of evidence, and methods of research. I routinely undertake many more continuing education hours than the required minimum.
- (3) In addition to the school board background set forth above, I have two years of experience as Assistant City Attorney for the City of Lake City, the City of Live Oak, and the Town of Fort White which provide me with more than a mere general knowledge of local government law.

- (4) I have excellent skills in conducting research and preparing sound legal opinions. For example, while I was the Dixie County Judge, I handled thousands of cases. No County Court opinion or judgment was reversed or overruled.
- (5) I have the ability to interpret and apply legal principles and precedents in resolving complex legal problems. See response (4) above.
- (6) Although my voice has become raspy, I am still able to communicate clearly and concisely, both orally and in writing.
- (7) I have in the past and can effectively participate in the preparation and presentation of civil litigation matters before State and Federal Courts. I recently completed a case in the U.S. District Court; I have several state court cases pending.
- (8) I can also effectively participate in the preparation and presentation of civil litigation matters before the Division of Administrative Hearings. I have one administrative case pending.
- (9) My successful tenure as an attorney in the public sector and as a judge demonstrate my ability to establish and maintain effective working relationships with public officials, management, staff, subordinates, and the general public. I believe that I work well with my employers.
- (10) I have a proven record of excellence in legal counseling and advising senior management or boards. In addition to my school board experiences, I have been a member of, or represented numerous lesser boards such as: American Red Cross, Three Rivers Legal Services, Inc., Columbia County Humane Society, St. James' Episcopal Church, and several local service organizations.
- (11) I recently was instrumental in drafting the voluminous multi-party (City, Developer, Owner, Primary Lenders, and Secondary Lenders) contract for the City of Lake City to facilitate the Blanche Project (a designated historical project requiring additional regulations). The total contract length exceeded 80 pages. I have drafted numerous other documents including proposed school board policies.
- (12) In addition to representing public bodies, I have represented several private corporations and institutions. I have a general knowledge of their governance issues and concerns. (See response 10 above.)

- (13) I have ten plus years of experience with Florida School Laws. I am familiar with and have general knowledge of the Florida Department of Education laws and rules.
- (14) In addition to the highly regulated education industry, I have recent experience in reviewing and explaining portions of the Federal Aviation Rules. Pre-law, I was a naval carrier pilot; the intense regulations there were a matter of survival.
- (15) Since leaving the Navy, I have not been called upon to directly manage more than ten people at any given time; however, often my recommendations to public administrators involve multitudes. As set forth above, I have legal analysis and writing skills.
- (16) One of my strengths is listening. I am especially adept at listening to professional employees when they are explaining an area about which my knowledge is limited. My lengthy successful career is evidence of my ability to work with professionals and lawyers. A consensus is superior to a “best day in court.”
- (17) I am cognizant of “risk-reward” analysis. I am experienced in giving “Fight” or “Flight” advise.
- (18) I have legal experience in each of the areas set forth in this subparagraph. In the areas of I have limited expertise, I have a good background of knowing where to look or who to ask for assistance. Over my almost forty years of experience, I have learned when to recommend retention of additional or outside counsel for assistance.

EXPERIENCE

Judicial. Appointed by the Governor as Dixie County Judge in May 2003. Elected by the citizens to the position in 2004; reelected by them in 2010. In June 2003 was appointed acting Circuit Judge for all Dixie County civil cases. Was primarily responsible for all: County civil and criminal cases, all circuit civil litigation, including but not limited to, civil suits (including torts and contracts), family law, juvenile, domestic violence, and mental health cases. Instituted a unified civil court and numerous scheduling efficiencies, as well as cost savings, in Dixie County. In February 2013 appointed by the Florida Supreme Court to Senior Judge Status.

Attorney. Martindale AV rating. General Practice-Litigation in the Third Judicial Circuit of Florida, from 1979 until judicial appointment. Six years with a ten lawyer firm; remainder as general partner in a two to five lawyer firm. Have had primary responsibilities for cases ranging from causes of action for wrongful death (plaintiff and defense) to relatively minor summary procedure claims. Handled numerous cases from inception through appeal, including all phases of investigation and discovery, pretrial and post-trial motions, hearings before arbitrators and administrative bodies, and trials before judges and juries. Typical case load included: family law cases involving all phases of domestic litigation, defense and prosecution of negligence and product liability cases, administrative proceedings, commercial litigation involving contracts and/or Uniform Commercial Code, and real property disputes. General Counsel for the Columbia County School Board. Since 2016, employed at Koberlein Law Offices, PLLC.

Admitted to Practice in all State Courts in State of Florida; U.S. Northern and Middle District Courts of Florida; U.S. Fifth and Eleventh Circuit Courts; U.S. Court of Claims; and United States Supreme Court.

Mediator. Previously Certified Circuit Court Mediator and currently Certified Family Law Mediator.

Non-Legal. United States Navy. Duties included serving thirteen commands at seven naval air stations and aboard four aircraft carriers, with billets ranging from those of a purely administrative nature to those requiring management, supervision, and budgeting large numbers of personnel and sophisticated equipment. As a Navy carrier pilot, accumulated more than 3500 flight hours. Visited numerous states and foreign countries. While assigned to staff duty, established the procedures for the joint use of limited airspace by the Air Force, Navy, private and commercial aviation interests, and initiated and implemented the Integrated Basic Flight Syllabus which subsequently became the model for all Naval Flight Training Syllabi; and was awarded the Navy Achievement Medal for personal services.

FEE STRUCTURE

As is set forth above, we have requested, via a public records request, the legal fees for the School District for the past eighteen (18) months. We have relied upon those expenses in trying to ascertain a fair fee for the School District. The RFP states, "*The fee structure should include a retainer for basic services Other rates may be provided for work outside the scope of basic services.*" In accordance with that provision:

KLO suggests a monthly retainer fee of \$2,000.00 for the basic services listed in the RFP.

KLO suggests \$120.00 per hour for non-litigation work outside the scope of basic services.

It is our intention to leave you with the impression that our Proposal is the most responsible due, in large part, to the approach that we have taken to determine what the School Board's legal needs are and where we can save the School Board over the course of time. For example, in the six months of this calendar year, your legal expenses have been in excess of \$75,000.00. We respectfully suggest that the School District's savings in the near and distant future will be significant.
